The Gwen & John O'Brien Family Science Scholarship

Science Scholarships are available to external students entering Year 11 in 2018 who consider themselves a quality science student who wish to enrol at Hunter Valley Grammar School (HVGS) and study science courses for their HSC, particularly Chemistry.

The value of the scholarship is for 100% remission of tuition fees. Parents of scholarship holders are required to pay for textbooks, non-compulsory camps and tours and meet the cost of uniforms.

Our selection of Scholarship candidates will be based on the assessment of the following criteria:

- Be able to demonstrate a genuine interest and commitment to studying Science or a related degree at University;
- Be able to demonstrate distinctive achievement in Science at Stage 5, (or Year 11) and commitment to science co-curricular activities to date;
- Be able to demonstrate a financial need, that without this scholarship they would not be able to attend HVGS; and
- Not be a current student of HVGS, this Scholarship is for students not currently enrolled at HVGS.

Scholarship recipients are required to study Chemistry, Biology and 2 Unit Mathematics at HSC.

Recipients are required to spend two weeks each year on work placement at the business of Jurox, based at Rutherford in the Hunter Valley, Australia; a family owned veterinary pharmaceutical company that markets in excess of 120 proprietary animal health products and employs over 100 staff in Australia and New Zealand.

The selection panel will comprise the Principal, Dean of Curriculum & Innovative Learning, Head of Science and Mrs Gwen O'Brien. The Scholarship will be presented to the successful student at our Annual Presentation Day and Prize Giving by a member of the O'Brien Family.

An application form can be found below.
